

KARTHIK S

Senior Frontend Developer | React.js · TypeScript · AWS

karthik31msd7@gmail.com • +91 6383735990 • [linkedin.com/in/karthik-java](https://www.linkedin.com/in/karthik-java) • Coimbatore, Tamil Nadu, India

SUMMARY

Frontend Engineer with 4+ years of experience building scalable and high-performance web applications using React.js, JavaScript, and TypeScript. Skilled in designing reusable UI components, optimizing performance, and **integrating REST APIs**. **AWS Certified Developer Associate** with strong understanding of cloud concepts and serverless architecture. Background in Android development adds solid application design fundamentals. Multiple client and company awards including international recognition from Posti, Finland.

EDUCATION

- **MCA* (Expected 2027)**
Bharathiar university
- **B.Sc IT (2018 - 2021)**
DR. SNS Rajalakshmi college
GPA: 8.7/10

WORK EXPERIENCE

- Senior frontend developer | [Dbiz.ai](#) May 2025 - Present
Frontend developer
 - Developed responsive web applications using React.js, TypeScript, and Tailwind CSS, writing unit tests with Jest to ensure component reliability, utilizing GitHub for version control.
 - Delivered 10+ reusable React components with responsive design, cross-browser compatibility, and lazy loading, reducing development time for new features by ~30% across the team.
 - Leveraged AI-assisted development workflows (Claude, ChatGPT) to accelerate code generation, debugging, and code review, improving overall delivery speed
 - Recognized with the Going Above and Beyond Award for exceptional delivery and proactive ownership
- Systems Engineer & Senior System Associate | [Infosys](#) Jan 2023 - May 2025
Web UI Developer
 - Led front-end development on a logistics platform serving Posti (Finland), delivering features including barcode scanner integration and third-party API connections for locations.
 - Managed production deployments and resolved critical production incidents, maintaining 99%+ uptime SLA for the client application
 - Collaborated cross-functionally with backend engineers to integrate RESTful APIs and ensure seamless data flow across the application.
 - Received two company-wide awards (Rise Award, Insta Award) and a client award from Posti Finland (STAR Award) for outstanding delivery.
- System Associate | [Infosys](#) Jan 2022 - Jan 2023
Android Developer
 - Developed and maintained Android mobile applications using Java & Integrated REST APIs, contributing to 1.5 years of production mobile engineering experience.
 - Applied OOP principles and MVVM architecture to ensure maintainable, testable, and scalable codebases.
 - Published multiple Android apps on the Google Play Store as a student developer prior to joining Infosys

TECHNICAL SKILLS

- Languages: Java, JavaScript (ES6+), TypeScript
- Frontend: React.js, Hooks, State Management, HTML, CSS, Tailwind, Redux, Jest, React Native.
- Tools: Git, Github, JIRA, Vite, NPM, AI (Claude, Chat GPT)
- Concepts: OOP, MVVM, REST APIs, JWT
- Cloud: AWS (Certified Developer – Associate)

AWARD & ACHIEVEMENTS

- Going above and beyond award - Dbiz.ai(2025)
- Rise award & Insta award - Infosys (2023)
- STAR Award – Posti Finland (International Client Award) – Infosys (2024)
- solved 200+ questions across [Leetcode](#), [HackerEarth](#) and similar platforms

PROJECTS

- **Tranquit** - Built a smart notification management app that silences/activates alerts based on user time and location, reducing notification fatigue for end users
- **Round one** - Developed a real-time quiz application with user authentication, and timed aptitude assessments.
- **Portfolio** - Designed and deployed a fully responsive personal portfolio showcasing projects, certifications, and skills; hosted on GitHub Pages

CERTIFICATES

- **AWS certified developer - associate**
- Infosys Certified Java Programmer, Infosys Certified Java SE8 Developer,
- Infosys Certified Python Programmer
