PROFESSIONAL SUMMARY

Product Leader with 7+ years building high-scale e-commerce and marketplace platforms. Scaled marketplace to 10,000 DAU and optimized checkout flows for 1000+ e-commerce merchants processing 500M+ monthly transactions..

E-COMMERCE PLATFORM & API PRODUCT EXPERIENCE

- **E-commerce Platform Integration:** Built Shopify-integrated checkout optimization platform processing 500M+ monthly order events across 1000+ merchants, handling order processing, cart management, and customer data synchronization.
- **API Product Development:** Designed RESTful APIs and webhook architecture enabling merchants to integrate payment optimization into Shopify storefronts with authentication patterns and developer documentation.
- **Payment Systems:** Led payment gateway integration (Razorpay, PayU, PhonePe), reducing cart abandonment by 35% and recovering ₹2.5Cr through intelligent retry logic.

PROFESSIONAL EXPERIENCE

Product Lead – Pync (Lifestyle Services Platform)

Apr 2024 – Present | Bangalore, India

B2C Marketplace: Home services platform connecting customers with professional service providers through on-demand and subscription access.

Product Leadership & Business Impact

- Scaled platform from 0 to 10,000 DAU in 6 months through rapid experimentation driving 125% conversion improvement.
- Led cross-functional team (engineering, operations, design) with daily standups, monthly OKR planning, and sprint retrospectives on 3-4 day release cadence.
- Designed subscription billing with recurring payments, proration logic, and automated provider payouts managing ₹40L+ monthly GMV.

Order Management & Fulfillment Operations

- Designed end-to-end order management system processing bookings, provider assignment, scheduling, and real-time tracking for 3,000+ daily service orders.
- Built operational dashboard tracking fulfillment rates, SLA adherence, provider performance, and capacity utilization.
- Created exception handling workflows for cancellations, rescheduling, and refunds, reducing support escalations by 30%.

Product Strategy & Growth – Shopflo/Flo Labs

Nov 2023 – Mar 2025 | Bengaluru, India

B2B EComm Platform: Shopify-integrated checkout optimization platform serving 1000+ online retailers, processing 500M+ monthly order events and enabling one-click payment experiences.

E-Commerce Platform & Order Management

- Built API-first platform integrating with Shopify's order processing, cart management, and customer APIs, enabling seamless checkout optimization without code changes.
- Designed order event pipeline handling cart creation, checkout initiation, payment authorization, and order completion with real-time Shopify synchronization.

- Created a merchant dashboard displaying conversion funnels, cart abandonment patterns, payment performance, and revenue attribution across 1000+ stores.

Payment Gateway Integration

- Integrated payment gateway APIs (Razorpay, PayU, PhonePe) handling authorization, capture, refund workflows, and Shopify order reconciliation.
- Analyzed payment decline patterns, implementing intelligent retry logic that reduced false declines by 25% and recovered ₹2.5Cr annually.
- Enabled multi-method payment acceptance (cards, UPI, wallets) through unified checkout, reducing friction by 35%.

Merchant Insights & Data Analytics

- Conducted user research through interviews and usability studies, translating merchant pain points into product requirements.
- Built analytics infrastructure processing 500M+ monthly events with event taxonomy supporting 50x transaction growth.
- Reduced merchant support escalations by 40% through proactive data quality monitoring and alerting.

Program Manager | FrontRow

Oct 2021 – Oct 2022 | Bangalore, India

- Built community engagement platform for 100K+ users achieving 20% renewal rate lift and generating ₹51L revenue through personalized content recommendations and cohort-based experiences.

Sales & Analytics – ExxonMobil

Jul 2017 – Aug 2021 | Mumbai, India

Enterprise Account Management & Data-Driven Strategy

- Managed \$40M B2B account portfolio using Salesforce CRM, building custom forecasting dashboards and data-driven territory planning that enhanced forecast accuracy by 15%.
- Led quarterly business reviews and retrospectives with global stakeholders, demonstrating commercial acumen and cross-functional alignment.
- Closed \$7.8M in new business through 4 rebate contracts in the volatile 2021 market, demonstrating bias for action.
